ARCTIC BLUE™

ICEMELTER

Arctic Blue Icemelter™ helps control ice and snow dependably, economically and safely. Its unique blue color makes it easier to see where icemelter has been applied, preventing over-application. An effective icemelter that is tough on snow and ice, but easy to use.

-  **Easy to use**
-  **Instant Traction**
-  **Effective to -15°C (+5°F)**
-  **Great melting power**
-  **Leaves no oily residue**
-  **Requires no special handling**
-  **Recommended for large surface areas**
-  **Economical way to control snow and ice**
-  **Unique blue color for accurate application**
