# CALCIUM CHLORIDE

**Our Calcium Chloride is the pellet variety that is 93 – 97% pure and is suitable for a variety of applications, including snow & ice removal and dust control.**

## > An Icemelter For Roads, Driveways, Sidewalks & Steps ...

- Effective to -31°C (-25°F)
- Melts Ice Fast and at lower temperatures
- Provides Instant traction and Skidproofing

## > An Effective Dust Control Agent ...

- Reduces dust during handling and application
- Absorbs moisture to bind particles together for a safe, more solid surface
- Prevents dust formation by absorbing moisture from the air

## > An Asset To The Petroleum Industry ...

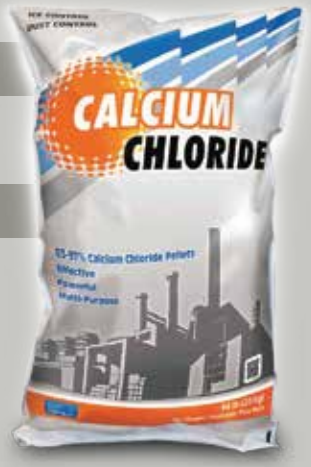
- Drilling mud additive to reduce shale swelling
- Additive to well completion fluids to increase density
- Drying petroleum fractions since it absorbs water

## > A Concrete Additive ...

- Helps to set concrete faster
- Accelerates the hydration of mix

## > And More!

- Brine ingredient in refrigeration systems
- A tire weighting to improve traction
- Helps to freeze proof and thaw bulk material
- A coagulant in rubber manufacture
- Used in waste water treatment



| Item | Product Size | Units/Pallet | Pallet Weight | UPC |
|---|---|---|---|---|
| 200-50043 | 44 lb bag | 50 bags | 2300 lb | 7-77411-50043-5 |
| 200-50999 | 1 MT Tote | 1 Tote | 2300 lb | 7-77411-50999-5 |
